# PROTECT YOUR INVESTMENT HVAC Maintenance Plans from \$169/year

*"In our region, HVAC systems work hard year-round – removing moisture and controlling heat in summer, and keeping your house warm in winter. They are one of the most important components for maintaining a healthy, efficient and economical home. It only makes sense to look after them."*

Brant Wurster, Green Horizon HVAC Specialist.

## Green Horizon's Comprehensive HVAC Maintenance Plan

ONE YEAR

**\$169**

Additional Systems \$129

TWO YEAR
